Taylor University was organized in 1846 in Fort Wayne, Indiana and was called the Fort Wayne Female College. The name of "Taylor University" was endowed upon this college in 1890, in honor of the missionary bishop, William Taylor, called by the historian Hurst, "the modern St. Paul." Upland, Indiana became the site of this University in 1893 and since then we find that progress is the word of the century.

**Dr. Burt W. Ayres**

One of Taylor's most celebrated alumnus was transferred to his eternal home January 26, 1958. Dr. Ayres, one of Taylor's most beloved faculty members and a great spiritual giant, joined the school in a teaching role in 1896. Since then he has guided the alma mater to achieving her goals. His testimony and long record of service to God and to Taylor will live in the hearts of those who knew and loved him.

**TAYLOR UNIVERSITY, UPLAND, INDIANA**

"The heavens declare the glory of God; and the  
firmament sheweth his handywork." Psalm 19:1.

"Rich gift God. A year of time." Whittier.

The nucleus of Taylor activities is found in the oldest building on the campus, Maria Wright Hall. Here we find our leaders of progress in their offices, formulating and administering plans which are essential for growth and development. Relics from the past are housed in the museum; the art and speech departments are located on the third floor, and nearly every student has a class in the "Ad" building at one time or another during the week.

From the cornerstone which Bishop William Taylor laid in 1890 to the tower, important people are performing important jobs that keep the university wheels running smoothly.

## OUR LEADER IN PROGRESS

Dr. Evan Bergwall, an alumnus of Taylor University, is also a graduate of Yale University School of Divinity. He has taken further graduate work at New York University, Emery University, and Oxford University, and he was awarded the degree of Doctor of Divinity by Asbury Theological Seminary. President and Mrs. Bergwall, shown here with their sons, Evan Jr. and David, have just completed their seventh year of service at the head of our school.

My Christian friends,

Again we come to the close of another year at Taylor and rejoice in the many blessings that have been ours. How grateful I am personally, to know and work with our fine student body and our consecrated faculty and staff. Great are our compensations from the hand of God!

As we face the unknown tomorrows we do so with confidence. We labor cooperatively under the guidance of God in a "great work." Let us pray and let us work for the achievement of God's best in our individual lives and the collective life of the college.

May God's best attend your way, each one, in the days and years that lie ahead.

Your friend in Christ,  
Evan H. Bergwall

The first couple enjoying the Junior-Senior Banquet.

The Board of Trustees acts as chief co-ordinators for our university. Through much organization, planning and prayer these men give of their time to aid the progression of Taylor.

## BOARD OF TRUSTEES

Standing, l-r: Harold Halleen, Earl Sticklen, Richard Halfast, Charles Shilling, G. Harlowe Evans. Seated: Evan Bergwall, Ted Engstrom, Howard Skinner, Arthur Hodson, Clarence Varns, Herbert Frazer, David Cox.

# ALUMNI BOARD

An active part of Taylor's functions are due to the Alumni Board as they inform and contact alumni from all over the world to the needs of this institution. Those who leave our campus remain actively interested and give of time, money, and prayers for our advancement.

Alumni Committee, l-r: Wilbur Cleveland, Wallace Deyo, Maurice Coburn, Milton Persons, Ralph Long, Loyal Ringenberg, Hugh Freese.

Maurice Coburn, Alumni President, and J. Floyd Seelig.

## ACADEMIC LEADERS

The consistent Christian life and genuine friendliness of Dr. Milo A. Rediger have won the respect and love of the faculty and students in his ministry as Academic Dean. Dr. Rediger holds the A.B., M.A., and Ph.D. degrees.

We find Dr. William D. Green caught in the whirl of external and internal pressures that make up the duties of Dean of Students. This position requires tact, patience and Christian love, qualities well portrayed in his life. Dr. Green holds the A.B., M.A., and Ed.D. degrees.

# TELEVISION AND RADIO

Our University is one of the first Christian colleges to have a television program of its own. FOCUS is broadcast from a Muncie station, WLBC-TV, and each department of education participates with programs corresponding to their field.

An essential person in operating these programs is Orlan Lehmann, technician.

Chapel Meditations, Taylor's radio program, is directed by Rev. Dave LeShana, as is the television program. Chapel Meditations has a wide listening audience in the U. S. as well as having been heard around the free world and behind the Iron Curtain.

## AMBASSADORS FOR CHRIST

"To Make Him Known" is the theme of Ambassadors for Christ, an organization that gives a vision of what can be done for the Lord through prayer for missionaries, gifts and dedicated lives. The organization sponsors the annual "Missionary Conference."

As the members of Holiness League gather to study and meditate on the word of God, they seek to fulfill their theme, "To Know Christ," and to follow the verse found in Colossians 2:6— "As ye have therefore received Christ Jesus the Lord, so walk ye in Him."

## HOLINESS LEAGUE

# KOLLEGE KORNER SHOP AND GRILL

A place to gather after ballgames and between classes to discuss items from politics to romance.

Many foot-weary hours are spent by those who work so we might have pleasure.

Mrs. Catherine Loewen is the competent proprietress of the Bookstore.

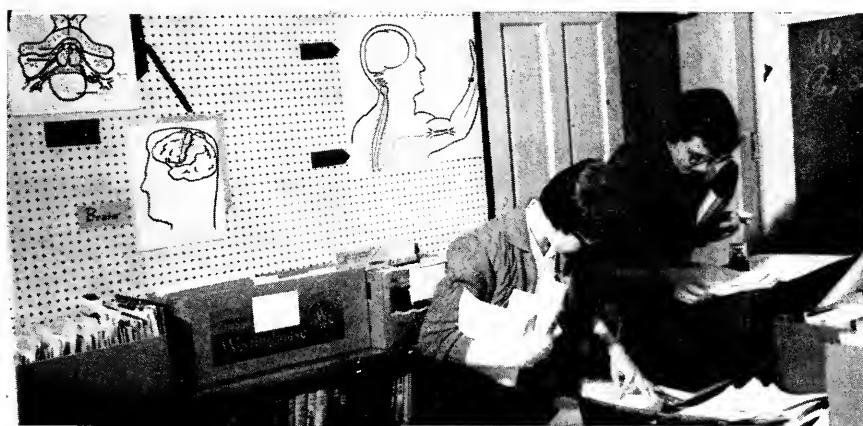

## SICKLER HALL

Sickler Hall, more commonly known as the "Ed" Building, has evolved from a dormitory for men to the second home of many education majors. This forty-nine-year-old building houses classrooms, faculty offices, offices of the GEM, Echo, and Youth Conference and two well-equipped laboratories for elementary and secondary education.

"If any man lack wisdom let him ask of God . . . and it shall be given him." James 1:5.

The new curriculum laboratories provide practice and work space for the elementary and secondary education students.

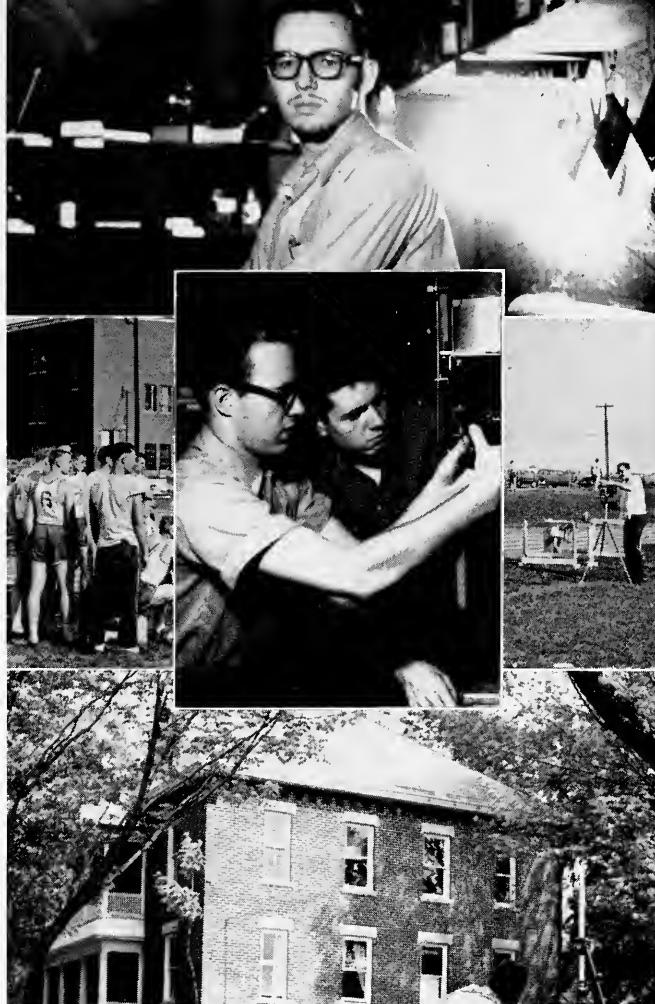

Standing; l-r: V. Gay, C. Prater, J. Legg, W. Roth, R. Merz. Seated: G. Rupp, Professor P. Barkman, advisor; R. Shippy, M. Starkweather.

## RECORD OF PROGRESS

Under the capable leadership of William Doell, the GEM moved forward.

Always moving forward, is the desire of the GEM staff as it seeks to map out and build a memorable yearbook for use in future days. Many hours have been spent in the organization, art work, copy and photography to bring this publication into being as a unique history of events. This history may be evidenced in the picture-filled pages of this GEM.

# THE ECHO

Echoes of campus life resound in the college newspaper. As activities and events occur, they are covered by efficient and footsore reporters. Layouts, plans, articles and pictures are given tireless consideration before they can fulfill the verse, "Ye shall know the Truth." . . . John 8:32.

The members of the Taylor chapter of the S.E.A. make a present-day step into the future-day life of a professional teacher. The club's programs are varied, including: educational films, demonstrations, panel discussions and special speakers. Much interest is shown in the state organization which enables future teachers to become acquainted with the vast teaching family of Indiana.

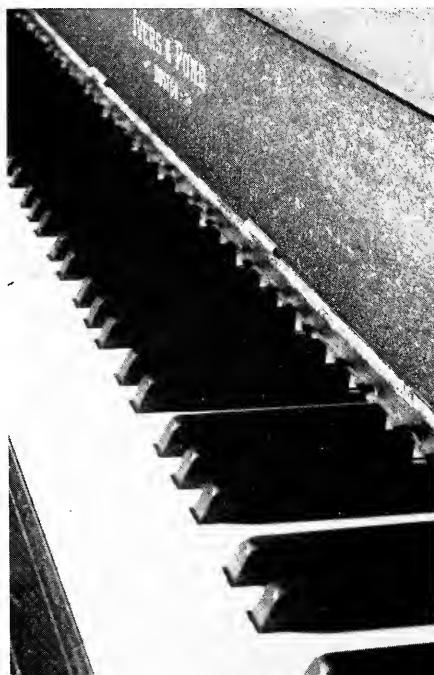

The Children's Literature plays provide a highlight in the elementary department. Student directors and actors work together to gain experience in play production.

The aftermath of hours of student-teaching is the Student-Faculty Banquet.

## HELENA WRIGHT MUSIC HALL

Anyone who is familiar with our University will realize the important part music plays in the entire school program. From the hearty group singing to the more elaborate music recitals, much glory is given to God through music.

Under the leadership of Professor Dale Sheper our band is becoming an active musical group.

The Taylor Civic Symphony Orchestra

This is the first year for an orchestra on our campus. It was born under the direction of Professor Shepfer, and under his leadership it has blossomed into an effective musical organization.

The band made a great contribution to the musical life of the campus.

The Trumpet Trio, composed of Woody Blaker, Paul Jorg, and Eldon Howard, traveled in Canada and Florida holding services during vacations.

Another new musical group is the Brass Quintet.

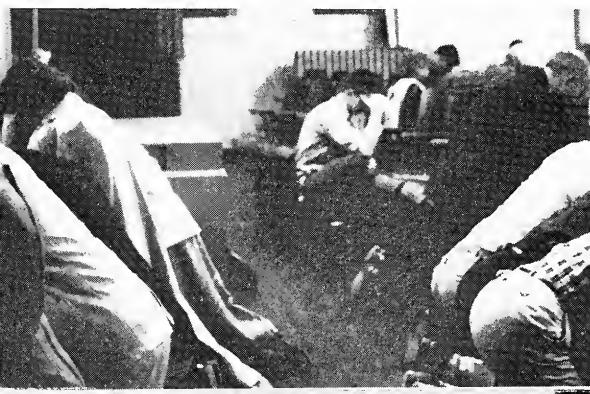

Seated, l-r: D. Bruce, D. Baarendse, T. Titus.  
Standing, l-r: J. Grile, M. Hess.

# FALL REVIVAL

God used Harry Denman to fill the gap that many members of the Taylor family had found in their lives.

Only eternity will tell the results of Dr. Denman on our lives as he helped us start the new school year. Because he had such a personal testimony, the students listened to his clear-cut Bible messages. As we re-evaluated our relationship with God during that week of September 29-October 6, revival touched the Taylor campus.

"The Blood of Jesus Christ, God's Son, cleanseth us from all sin." I John 1:7.

# MISSIONARY CONFERENCE

## IS IT NOTHING TO YOU ?

... Go ye reaching every land . . . a phrase of the chorus written for the conference.

"Choose you this day whom ye will serve."  
Josh. 24:15.

Through Rev. J. T. Seamonds and Dr. Sidney Correll, Taylor's students realized anew that Christ is the answer to the world's problems. The Missionary Conference chorus reverberated in many hearts, challenging us to give our all for the all-out campaign for Christ.

Many decisions were made during the weekend to follow Christ even to the mission field. Other students renewed former pledges. Fine musical programs set the stage and the Holy Spirit worked through Rev. Seamonds, missionary to India, and Dr. Correll, director of the United World Mission, in making this a vital conference.

"... though he was rich, yet for your sakes he became poor" . . . II Corinthians 8:9.

They helped us see the need of the world through music and the Word.

## CHRIST IN SCHOLARSHIP

"Toward more abundant living" is the motto of Chi Alpha Omega, the senior scholastic honor society. The members are chosen from the top ten percent of the graduating class on the basis of scholarship and interests of Christian higher education. The members chosen strive to make Christ first and last in every phase of their lives.

Waiting to commence.

## ORIENTATION LEADERS

Seated, l-r: G. Rupp, H. Young, C. Justice, M. Martin, M. Foura, H. Rechsteiner, N. Lindgren, M. Starkweather; standing, l-r: T. Hydahl, B. Kendall, E. Larsen, S. Newhard (absent).

The orientation leaders play an important role in Taylor's student program. They represent our school to the incoming students during orientation week, as they lead freshmen and transfer students in becoming acquainted with the school, its faculty, various departments, activities, and clubs. Throughout the first semester each orientation leader is assigned a certain group of freshmen. He meets every week with them, giving aid in study and various problems.

The first home away from home for many freshman girls is found in Swallow Robin Hall. Here girls learn, perhaps for the first time, to live, study, work, play and pray together. As they progress through college they will look back upon their freshman home as a symbol of entrance to their pathway through life.

## **THE PULSE OF TAYLOR . . . HER STUDENT BODY**

The following forty-six pages contain the lifeblood of Taylor, those who inhabit her. One vacation on an empty college campus will prove to the skeptic just how much a college or university without the students is just a mass of bricks and mortar. The couples on the sidewalks, the scholars in the library, the rowdies during quiet hours and the sleepers in the classroom all add a bit of seasoning to the Taylor recipe.

# SENIOR ACTIVITIES

"Fisher-impersonator" Jordan instructs "Coach Smith."

A curious savage?

Yeah, they're real musicians.

These are but a few of the activities tha this very active class presented for the student body's enjoyment. Talent was unlimited in the class of 1958, and they never hesitated to use it. The social and activity programs will miss their spirit and originality.

"Prexy" accepts the controls for the senior gift.

# WHO'S WHO IN AMERICAN COLLEGES AND UNIVERSITIES

Scholarship, leadership, and character are the basis for selection into Who's Who. Those selected must also show promise for continuation of these traits in their future lives as Christian citizens in the world.

DUANE CUTHBERTSON'S vibrant personality and leadership ability have enabled him to serve effectively as president of the student-body. "Cubby" is a history major. His versatility is shown in his activities which include, president of the junior class, membership in the Symposium Dialecticum and participation on the baseball and track teams.

CHARLES FRALEY, a chemistry major, aspires to become a medical missionary. His acclaim here has come through his staunch leadership in the spiritual activities of the campus. He has served as class chaplain, Youth Conference prayer co-chairman and leader of the altar counselors. He has served on the Wisconsin dorm council and was president of Ambassadors for Christ this year.

BETTY GODSEY, who is majoring in psychology, has enjoyed a variety of activities during her years at Taylor. She has been active in student government, having represented her class for the past two years on the Student Council. She also has served as secretary of the A Cappella Choir.

MARTIN HESS has used his major field of history in a practical way in his work with student government. He has served as vice-president of the Student Council for two years and as president of the Association of Evangelical Students. Marty also has been president of the A Cappella Choir, president of the Social Science Club, orientation leader and an important member of the track team.

ROBERT JORDAN, president of the senior class, has demonstrated his dynamic leadership in working as a representative to the Student Council, chairman of the Student Project, president of Wisconsin Dormitory and president of the Trojan Players. Bob is a physical education major and a valuable member of the football team and the track team.

MIRIAM MARTIN has been actively engaged in the governmental and literary areas of campus life. Miriam, an English major, climaxed her activities as a member of the Echo staff by editing that publication in 1957. Other areas of service and activity in which she has participated include the Gem staff, Symposium Dialecticum, dorm council and the inter-class council. She also served as treasurer of her sophomore class and as an orientation leader.

PAT MARTIN is best known for her versatility in many fields. She has been president of Magee Dormitory for two years, secretary of Symposium Dialecticum, and orientation leader. She has held offices in her class, science club, and Gamma Delta Beta. Pat, who is active in the field of sports, is a chemistry major.

As an English major, RUTH RALSTON has served as president of the English Club during this year. Ruth has been active in Youth Conference work, and this year she served capably in the all-important position of Youth Conference co-Chairman. She, too, is a member of Symposium Dialecticum.

During his years spent at Taylor, HARVEY RECHSTEINER served as chairman of the Student Judiciary, vice-president of the Symposium Dialecticum, orientation leader and business manager of the *Echo*. Harvey majored in mathematics.

In addition to his studies of mathematics and science, ROBERT WOLFE has been co-chairman of the Trojan Council and president of the Science Club. This year Bob has very ably served as president of the Student Education Association.

Junior officers: seated; G. Haakonsen, Coach Craven, advisor; standing: D. Linhart, R. Beaverson, president; R. Merz.

## JUNIOR ACTIVITIES

No, not the 1920's—just the "Sack Days" in 1958.

If it were not for the juniors the seniors would never get down that aisle!

Oh my! What can the matter be?

## JUNIOR-SENIOR

Marlene Foura — gracious Banquet chairman.

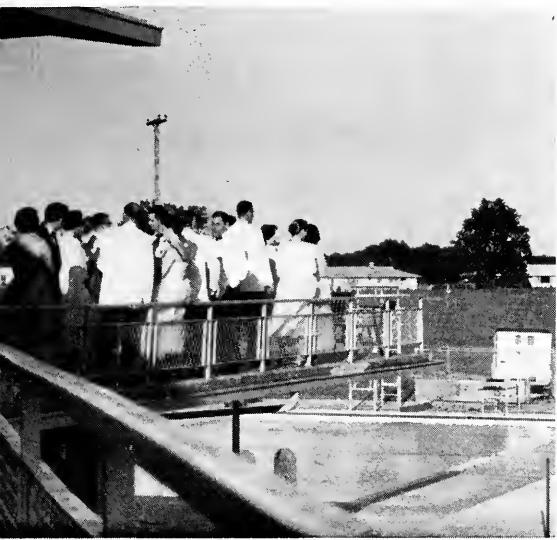

The plaza overlooked a swimming pool and spacious golf course.

Robert Cocherille, concert tenor, and Jack Connor, marimba player, provided those in attendance with an evening of musical enjoyment.

# BANQUET

The beautiful Orchard Ridge Country Club was the site of the long waited-for Junior-Senior Banquet. The theme "Fantasy in Flight" was carried out with modernistic decorations that helped set the mood of the evening.

Red and white carnations added a striking note to the head table.

Built in 1931 Maytag Gymnasium is used probably for more and varied activities than any other building on campus. In addition to being the scene of many athletic events, such things as registration, class parties, Youth Conference and commencement activities are held in this building. Moments of decision, joy and sorrow come from the hearts of all who enter this ever-useful campus site.

Fourth row: Assistant Coach Smith, R. Rice, F. Pomeroy, L. Fuhrer, W. Roth, P. Reiff, D. Williams, D. Curtis, D. Gustafson, T. Webb, Coach Craven.

This year's Trojan team composed the finest football squad in the history of the school. After the first seven games, Taylor was the state's only undefeated team. In the opening thriller Taylor came from behind a 14-28 deficit to defeat Bluffton. This opening victory was followed by two 26-0 triumphs over Franklin and West Virginia State. In the battle of undefeated squads Glenn Schell's run proved to give us the margin of victory. The following week the Asiatic flu became the first victor over the Trojan squad. During the postponement of the homecoming encounter with Hanover until the end of the season, Taylor got back on their winning ways by squeezing out victories over Central State of Ohio and Indiana Central. Defiance College became the seventh victim of the winning Trojans.

The Spartans and the men of Troy scramble for the pigskin.

The Manchester game was the season's biggest heartache. As the final gun sounded the ball lay within one foot of the Manchester end zone. The tie, coupled with the defeat at the hands of Hanover in the final game, knocked the Trojans into a third-place finish in the HCC.

The newly crowned queen, escorted across the stage, commences her big weekend of activities.

Queen Naomi addresses the Homecoming crowd.

The new marching band forms the symbolic "T".

The Homecoming program was initiated by the crowning of the queen on Friday night. Although the band did its part in making it a memorable afternoon, the football team failed to cooperate. With the team making a valiant last-minute drive for the end zone, time ran out with only one foot separating them from the winning touchdown. A dejected Homecoming crowd walked from the field as the Trojans were forced to settle for a 13-13 tie.

The Trojans faced numerous obstacles during the course of the season. Lack of height was one reason for the Trojans' not being in the thick of the conference race. During the latter part of the season injuries to George Glass and Dave Townsend were other contributing factors. Despite these setbacks, the team experienced moments of glory.

The scoreboard revealed the Trojans in one of their moments.

Jerry Allred lets fly against Anderson.

The Trojans opened their season by placing second in the Richmond City Tournament. After defeating Marian of Indianapolis and host Earlham they bowed to Anderson in the finale. The diminutive Trojans started the regular season with lopsided victories over Goshen, Cedarville and Bunker Hill Air Force Base. Their first regular season defeat came on Manchester's home court. They topped the century mark in defeating Goshen and Tri-State. One of the high points of the season was the Trojans four point victory over arch-rival Indiana Central. By virtue of this victory the Trojans stood 8-2 before Christmas vacation.

Our Jenkinson and Raven's Steinke do the ballet.

An eight game tour was conducted through Minnesota and Iowa during Christmas vacation. The Trojans played in two tournaments, winning one and losing the other. In the Paul Bunyan Tourney they lost close games to Minnesota Concordia and Bemidji State. Between the two tourneys they split two games. Playing a much better brand of ball the Trojans emerged triumphant in the William Penn Tourney. The Trojans dropped three of their next four games including their second loss to Anderson.

The Trojans turned in one of their finest performances against the nation's number one small college team; however, the Crusaders from Wheaton pulled away in the second half to 104-73 victory. After losing to Indiana Central and Wilberforce, the Trojans won an overtime thriller from Franklin by a score of 96-95. In the final three, disaster struck as the Trojans fell to Anderson, Hanover, and Calvin by lopsided scores. The Trojans concluded the season with a 13-14 record.

The Varsity farm club was hard hit by draft calls from the parent team this season. No less than four or five players who could have represented the B-team were used regularly or often by the Varsity. Playing spotty ball throughout most of the season, the B-team was able to salvage only one victory. This win came over Spring Arbor by a 59-58 score. During the remainder of the season they dropped games to Manchester, Anderson, Indiana Central, Franklin, and Grace Seminary.

It's two points for the "B's" as Ringenberg scores.

## VENTURE FOR VICTORY

Five Venture for Victory teams have gone to various parts of the world to present Christ by the means of basketball evangelism. On the five previous ventures almost two million people have heard the story of salvation. The phenomenal record which these teams have compiled shows 375 wins and four losses. This year's Venture for Victory team was cited in the House of Representatives by Representative John V. Beamer of Indiana. The sixth Venture for Victory team will play games and conduct meetings in Hawaii, Korea, Japan, Formosa, Hong Kong, South Viet Nam, Singapore, Indonesia, and the Philippines.

The 1958 track team proved its ability by setting five new school standards during the course of the season. The school mile relay record was topped twice. The final mark was 3:32.6. This record breaking team was composed of Ted Curtis, Ray Smith, Woody Blaker, and Clayton Turner. Clayton Turner broke the 440 yard dash with a time of 50.9 seconds in the conference meet. Ray Smith topped the 880 yard run with a time of 2:00.1. Other standards were set by Carl Prater, 2:00.1. Another standard was set by Bob Davis, 42'4" in the shot put.

R. Smith battles with an opponent in the 880.

The Trojans got the track season off to a slow start as they bowed to Anderson in a dual meet and finished third behind Manchester and Indiana Central. In their first meet on their home cinder path the Trojans knocked off Indiana Tech and Earlham in a three way battle. Manchester proved too much for the Trojans as the Spartans were victorious in a dual and also a triangular meet with the locals. In the Earlham Relays at Richmond, the team finished fourth following Anderson; Findlay, Ohio; and Indiana Central. Although they set three new school marks in their final encounter before the conference meet, Anderson topped them in a heartbreaker by one point.

Although the Trojans finished fifth in the conference meet with 19 points, there were several bright spots. Clayton Turner captured first place honors in the 440-yard dash with his school record breaking time. Several other underclassmen copped points in this meet, which seems to point to a bright future.

This year's intramural schedule consisted of touch football, basketball, and softball. The junior class proved victorious in touch football. The Commuters and again the junior class topped their respective leagues in basketball competition. However, the commuters knocked off the juniors in the opening round of the tourney, and went on to become basketball champs. ## TROJANES

Taylor's basketball girls turned in an undefeated season this year, winning eight games. The team was co-captained by Janet Hartman and Sue McCune. Sue McCune, Sara Peck and Pat Martin did the bulk of point-getting while the defense did a superb job in limiting the opponents score total to 263 against their own 439. Their good consistent playing brought a rewarding season.

## WALK THE WAY

The 1958 Youth Conference marked the 25th Anniversary of Youth Conference at Taylor University. This year brought 1200 youth swarming on the campus for a week-end of spiritual challenge. Assisted by the core-cabinet composed of 23 representatives, other students participated in assigned Youth Conference activities and responsibilities. "Walk the Way" beckoned young people to the Christian way of life and headlined the theme of the conference.

The Trojan Players group is the dramatics organization on the campus. Its purpose is not only in the line of acting but for experience in all of the areas of play production. Some of these are make-up work, staging, lighting, publicity, props and directing. The productions which the Trojan Players presented this school year were "Eternal Life," "Xingu," "Three Pills in a Bottle," **The Robe**, **A Christmas Carol**, **The Late Christopher Bean**, and **Enemy of the People**. The organization has been in its second successful year. Membership is now on a point system and is gained by participation in productions during the probation period.

## SYMPOSIUM DIALECTICUM

This humanities discussion group is now in its third year of existence. It has added much in the line of intellectual stimulation and advancement of Taylor. It is a select group whose members have a scholastic average of at least 2.0. Membership is attained through invitation exclusively. Papers and discussions presented at the meetings range from campus problems to philosophical concepts with the purpose of provoking deeper thought and original ideas.

## SCIENCE HALL

As its name designates, the Science Hall is the campus site of almost all work of a scientific nature except chemical. Within its white frame walls are found the botany, zoology, and physics laboratories. Behind Science Hall is the new Radiation Lab. This new project was made possible by designated funds from the Atomic Energy Commission making Taylor the second such privileged school in Indiana.

## SCIENCE CLUB

The Science Club purposes to help the members grasp a better understanding of the major science fields, and to give them an opportunity for participation in study and research to supplement their classroom material. The outstanding activity of the club was its sponsorship of the first annual Science Lecture Series.

Dr. Charles Shilling led the Science Lecture Series, dealing mainly with atomic energy.

"The final result of true education is not a selfish scholar,  
nor a scornful critic of the universe, but an intelligent and faith-  
ful citizen who is determined to put all his powers at the service  
of his country and mankind."

—Henry Van Dyke

## FLOORS ARE PROBLEMS ...everywhere!

That's why it pays to let Huntington specialists help solve *your* floor maintenance problems. There's a tried and proved Huntington product for nearly every floor finishing and cleaning requirement. And for the exception, there is a willingness on the part of Huntington Laboratories to develop the special product you need to get the job done correctly, at low cost.

The result is longer wearing finishes and greater protection for your floors...faster application and reduced labor costs.

## Electricity

**Reddy says:** "I&M electric rates have never been increased. If your electric bill is higher, it's because you're using electricity to take over so many more of your household tasks. Actually, the more you use each month, the less you pay per kilowatthour. *Living better electrically costs so little, yet means so much!*"
